

Scholarship Application – Wild Bear Mountain Ecology Center

The following information will be discussed among Wild Bear administrative staff and select instructors. The information that you provide is being held and treated as confidential. Wild Bear wants to support families. The funding for scholarships is limited and set aside for disadvantaged families.

Have you applied for the Colorado Childcare Assistance Program (CCAP)? If you have not, please first apply for CCAP. If you do not want to apply for CCAP, please explain why. If CCAP is not helpful to you, please explain why.

Please explain why you would like your child(ren) to come to Wild Bear. We are able to provide scholarships because of the generosity of our donors and grantors. If you are provided a scholarship, please explain how this Wild Bear scholarship supports you and your family.

What is your family's combined gross annual income (including passive incomes, child support, etc.)? Please note that Wild Bear reserves the right to view your tax return if requested. Failure to provide a tax return if asked will result in the scholarship being revoked.

Do you have any extenuating circumstances affecting your income? If your income level is too high to qualify for a specific scholarship category, and you feel that you need more assistance, please explain why you would like a larger scholarship. If you have no extenuating circumstances, please skip this question.

The following chart is used in the determination of scholarships. The numbers represent the gross annual combined salaries of household members. If a person makes more than the amount in a column, we will consider extenuating circumstances that might require a larger assistance level. If there are no extenuating circumstances and you make more than the amount in a column, we are not able to offer a scholarship. Program spots are not held for kids during scholarship determination. We will reach decisions within a week of application. Parents must reapply for scholarships every semester (no more than 3 months in advance of first program date of the semester).

People in household	50% off	25% off	10% off
2	Makes up to 29,637	Makes up to 39,637	Makes up to 49,637
3	37,296	47,296	57,296
4	44,955	54,955	64,955
5	52,614	63,614	73,614
6	60,273	70,273	80,273
7	67,951	77,951	87,951
8	75,647	85,647	95,647

*If you qualify for 50% off from Wild Bear, you also qualify for free and reduced lunch from BVSD.

I affirm that the information I've provided is factually accurate and verifiable using my tax return and receipts, upon request. I understand that scholarships are limited, are only available to those with a genuine financial need, and left to the discretion of the administrative staff.
