***Films provided by Winter Wildlands Alliance**

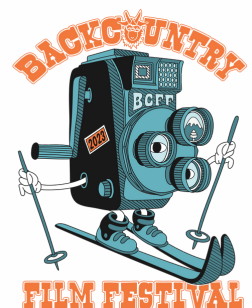

MORE ABOUT WILD BEAR SNOW SCHOOL:

This fun day on snowshoes provides hands-on science opportunities to adults & children alike to study snow, water, and winter ecology with local scientists and naturalists!

Snow School is a national initiative and Wild Bear is considered a flagship Snow School site. This program takes place at the Wild Bear Property, Eldora Nordic Center, or other locations, depending on where we can find the best snow!

We couldn't do it without our community of donors & sponsors! To become a sponsor, please contact:

Frances Friedland
Director of Development
